Re: Petition For Revival Of An Application For Patent Abandoned
Unintentionally Under 37 CFR 1.137(b)

Dear Sir:

The above application was abandoned for failure to file a timely and proper reply to a "Formalities Letter," namely, a Notice To File Missing Parts of Nonprovisional Application by the Office. The Notice was dated June 14, 2004. Accordingly a responsive reply should have been filed by September 14, 2004, since the Notice set a reply date limit of two months.

The Applicant hereby petitions for petitions for revival of this Application.

A small entity fee of \$685 is enclosed; and applicant claims small entity status.

A complete reply to the Notice is enclosed and attached hereto, including the fee required.

Since this Application was filed after June 8, 1995, no terminal disclaimer is required.

STATEMENT: The entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under the above identified applicable section of the Code of Federal Regulations was unintentional.
